A historic mosque. A garden to share. An open door.

A vision for a greener, welcoming space for worship, community and learning.

Your journey begins here

The proposed Heritage Centre and Café will offer a first stop, somewhere to discover our history, ask a question or meet a friend.

A first visit could become a lasting connection.

Imagine being here

A place where generations meet and more people feel at home.
Come to pray. Bring a child to learn. Sit with friends new and old in the gardens.

HELP MAKE THIS FUTURE POSSIBLE

£350,000 needed now

To secure the additional land and the foundations for the master plan.

Further funding will be needed as the master plan is costed and developed for delivery in stages.

Please give towards the next chapter of our mosque.

Our heritage. Our community. Our future.

A vision for a greener, welcoming space for worship, community and learning.

The historic mosque at the heart of one connected site.
Illustrative long-term vision.

A heritage to cherish

The historic mosque and its features protected, its story celebrated.

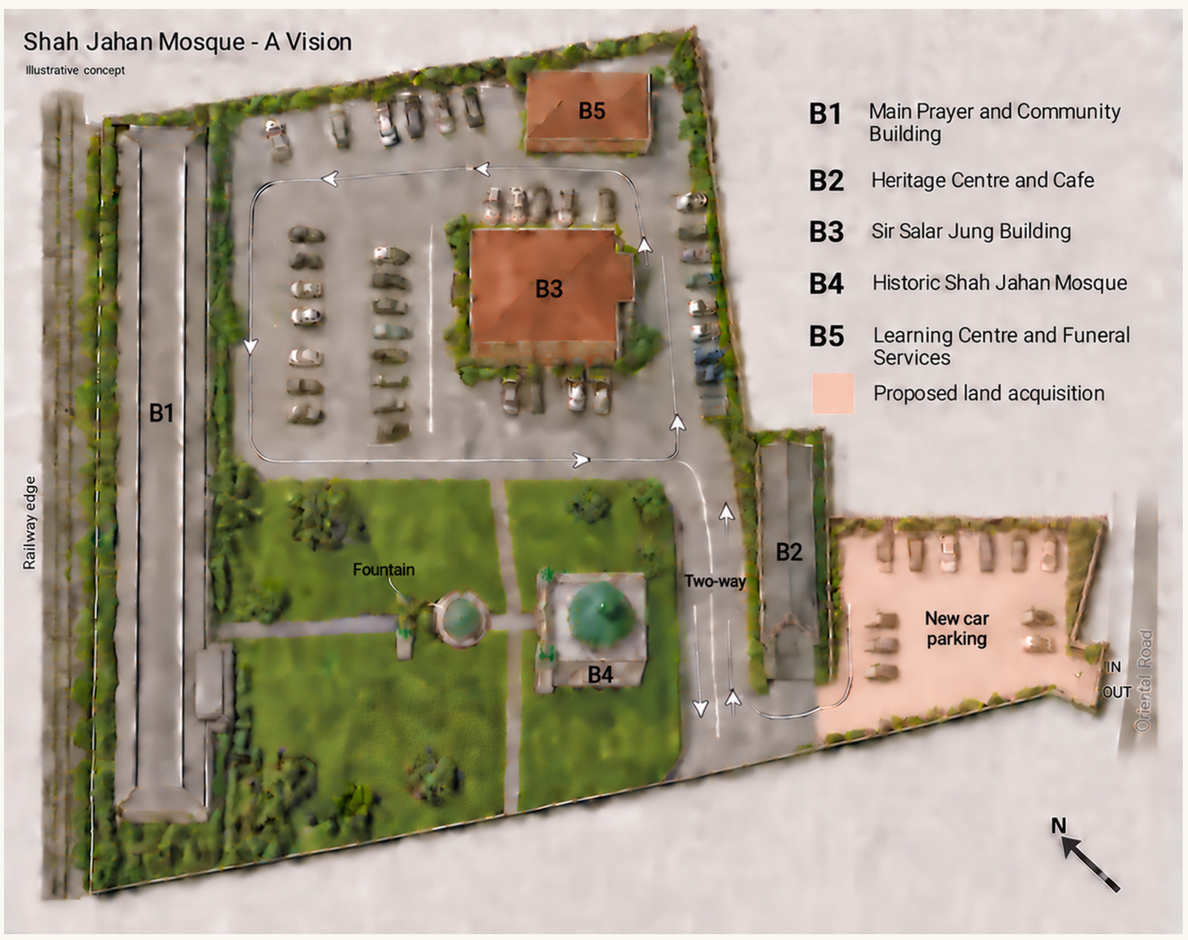

Connected. Greener. Calmer.

Gardens, seating, and paths created, increased parking alongside safer access.

For generations ahead

Improved spaces for prayer, education and community life, with funeral and conference facilities.

How the site looks from above

Bird’s-eye site concept
Illustrative long-term vision.

Delivery is subject to land acquisition and, where required, assessments, permissions and funding.

Additional land. Wider possibilities.

The proposed land acquisition will provide additional parking, enable arrival through the Heritage Centre and Café, and help make improvements across the wider site possible.

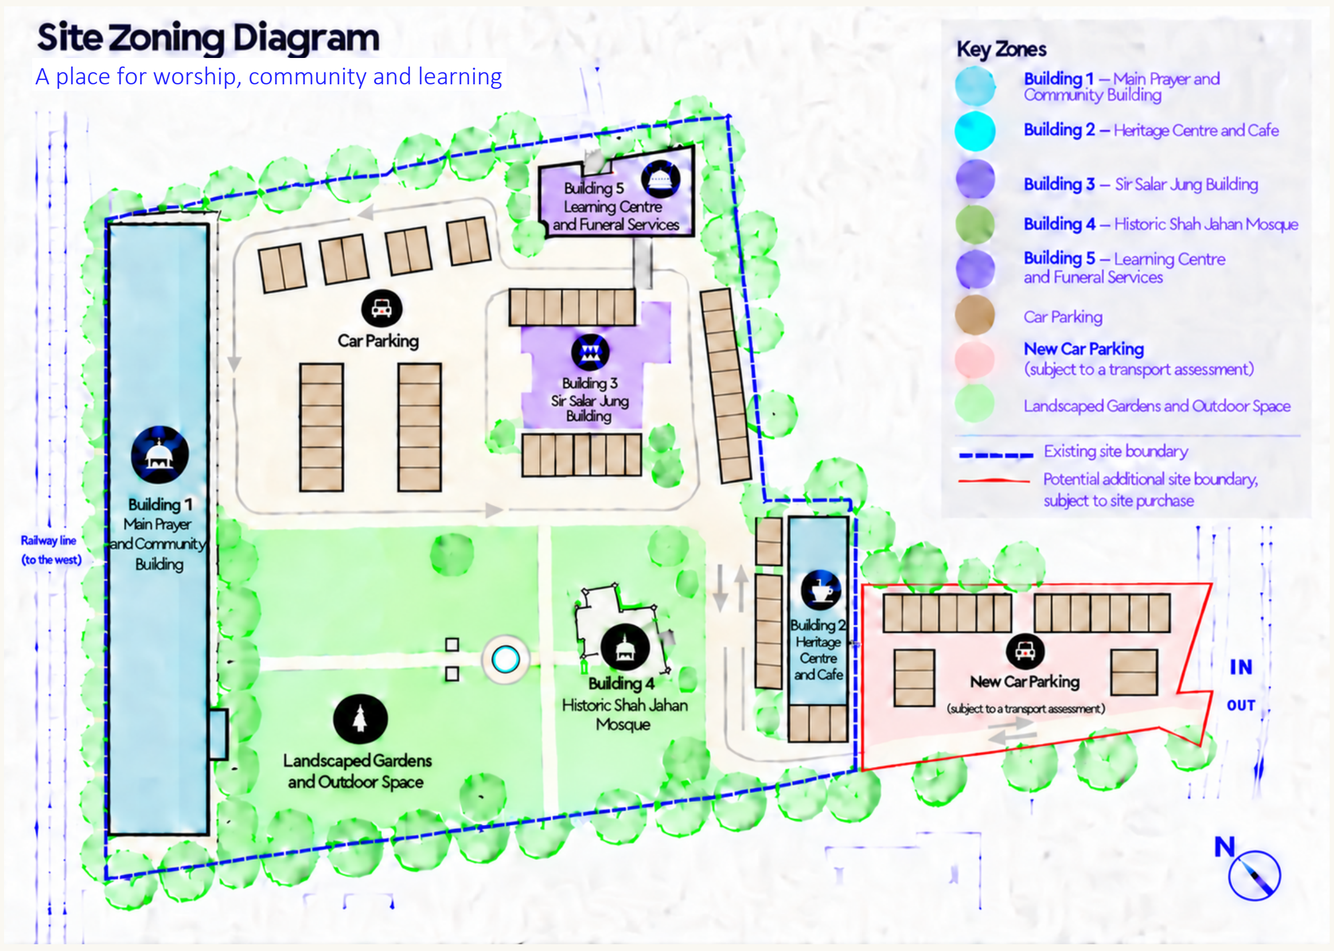

OUR IMMEDIATE PRIORITY

£350,000

To secure the additional land and the foundations for the master plan.

A vision with a plan behind it.

Work has already been undertaken to explore how the site fits together, how the Main Prayer and Community Building could serve more people, and how improvements could be delivered in stages.
